

## Busy Bees (Crochet)

Tupperware was everywhere in our house. Mom was a Tupperware manager when we were growing up. The name of her sales team was Busy Bees. She was quite successful being a Tupperware manager. She traveled all over the Sacramento area having parties in every corner of the surrounding cities. As a young girl, I remember going with her when it was time for deliveries. I know that all that driving around helped me to get to know all the different neighborhoods - near and far. Those drives are fond memories for me.

Mom earned a new station wagon every two years. Boy, when that new car came it was always so exciting for us. Those wood paneled wagons were so cool!!

Alice's Embrace is devoted to providing hand-knit and hand-crocheted prayer shawls and lap blankets to those suffering from Alzheimer's disease. We seek volunteers to knit and crochet the patterns that we have created. Through the loving hands of many generous and talented people, this endeavor will help ease the anxiety that is often present in those suffering from the disease.
